PARTY AT MUCHACHO!

We love to party. It is, absolutely, without a doubt, our single favorite thing in the entire history of the world. If we aren't slinging tacos and tequila, creating museum worthy works of latte art, or generally putting out deluxe vibes, chances are super high that we are partying. We wouldn't go so far as to say we are “party

animals” (in that it would be extra lame – and we are not animals), but we're definitely “highly experienced” in the Art of Partying. Let us bring your party to life at Muchacho. We've worked with a variety of shapes and sizes and are always down to meet other “highly experienced” party-goers.

SUNKEN GARDEN

On the trail to Macchu Picchu you'll stop by a Sunken Garden of sorts. It is here where we found our inspiration. Assorted seating areas, knooks and crannies, pull up bar seats, we have it. Utilize the upper or lower patio of the Sunken Garden... they're both splendid.
